

TSN ANNUAL MEETING & birthday party 2015

CRATERS, COLLISIONS, CATASTROPHES

Photo credit - Royal Museums, Greenwich

Across the Solar System we find planets and moons littered with craters blasted out by the impact of comets and asteroids. But can these giant space rocks ever hit the Earth - and what happens when they do? Dr Marek Kukula, Public Astronomer at the Royal Observatory, Greenwich, describes some of the biggest explosions in history & looks at how we might try to prevent them in future.

FOR NEW & EXISTING MEMBERS - TEACHERS & SCIENTISTS -

Scientists and TSN Members - free; Non-members - £5 per person (refundable if your school joins TSN on the night). To help with catering, please book in advance on 01603 450304 or phil.smith@nbi.ac.uk

TSN
TEACHER
SCIENTIST
NETWORK

- ENTERTAINING SCIENCE TALK
- FREE RESOURCES FOR SCHOOLS
- TSN PROGRAMME INFORMATION
- WINE & BUFFET

**Tuesday 10th February 2015, 6pm,
John Innes Centre, Norwich (doors 5.30pm)**

TSN, working with teachers & scientists to enhance science education: www.tsn.org.uk
Event in partnership with the Science Learning Centre Consortium Central England
