

TSN ANNUAL MEETING 2016

“Hidden treasures of Norfolk’s Secret Sea”

In January this year the Cromer Shoal Chalk Beds off the North Norfolk coast were granted Marine Protected Zone status reflecting their importance globally as a valuable underwater habitat. The chalk ridge is the longest in Europe and the information and images gathered by Rob Spray and colleagues at Seasearch East have helped the Wildlife Trusts and others campaign for this protected status. Rob will share the story of Norfolk’s Great Reef together with some stunning images.

FOR NEW & EXISTING MEMBERS - TEACHERS & SCIENTISTS -

Scientists and TSN Members - free; Non-members - £5 per person (refundable if your school joins TSN on the night). To help with catering, please book in advance on 01603 450304 or phil.smith@nbi.ac.uk

TSN
TEACHER
SCIENTIST
NETWORK

- ENTERTAINING SCIENCE TALK
- FREE RESOURCES FOR SCHOOLS
- TSN PROGRAMME INFORMATION
- WINE & BUFFET

**Thursday 10th March 2016, 6pm,
John Innes Centre, Norwich (doors 5.30pm)**
